OBJECTIVE

- Seeking a challenging position in a reputed organization where I can learn new skills, expand my knowledge, and leverage my learnings.
- A highly motivated and hardworking individual who is capable of time management and working under pressure in all environments.
- Create value for my prospective employer through my dedicated and diligent efforts.

PROJECTS

ELECTRONICS WEBSITE

Made using Html, CSS and JavaScript

I have created a fully functional website which consist of different types of electronics products you can choose from our wide range of electronics products.

- Created a **responsive** and **user-friendly website** layout using HTML and CSS
- Implemented interactive features and functionalities using **JavaScript**, shopping cart management, and a user-friendly checkout process.

QUIZ APP

Made using Flutter

Developed a dynamic and user-friendly quiz application for Android platforms using Flutter and Dart programming language. The app is designed to provide an interactive quiz-taking experience for users across various topics and subjects related to Flutter.

- **Dynamic Quiz Generation:** Designed an intuitive interface for quiz creation, enabling admins to add/edit questions and create quizzes on various subjects effortlessly.
- **User-Friendly Interface:** Developed an intuitive and visually appealing user interface, ensuring a smooth and engaging quiz-taking experience.
